One mark. One visual family.

All logo variants share the symbol and lettering traced from the approved concept board.

Open Markets Foundation

Production asset library / watercolor identity

Primary badge

Freestanding symbol

Reversed badge

White symbol

Stacked lockup

Horizontal lockup

Ink #282238

Paper #F7F4ED

Iris #7C65B3

Sage #879B83

Ochre #C8A65A

Use the right file.

SVG for scalable digital artwork. Transparent PNG for everyday use. PDF for vector handoff.

Primary identity

Ink badge and wordmark on paper or a quiet light background.

Dark backgrounds

Use the white symbol or white lockup on ink or a quiet dark area.

Minimum sizes

Full badge: 48 px. Stacked lockup: 280 px wide. Horizontal: 360 px wide.

Clear space

Leave at least one bar-width around the symbol and lockups.

Small icons

Use the simplified icon at 16-32 px; it omits the stars and outer broadcast arcs.

Avoid

Do not stretch, recolor individual parts, add glows, or place text over busy artwork.

Color, type and watercolor.

A crisp ink identity with warm paper, editorial typography and human scenes of commerce.

Body copy, navigation and supporting labels.

The logo lettering is outlined from the concept. Do not retype it in a substitute font.

Use ink on paper for body text. Iris supports white text at the supplied digital values.

Sage and ochre are illustration accents, not body-text colors.

Keep watercolor behind or beside the identity. Protect quiet areas around words.

Both font families include their SIL Open Font License files. Logo files need no installed font.
